Preface

In the Name of Martyrs' Lord. When we want to talk about magnificence we remind the sky. When we want to talk about resistance, we remind the castle, but when we want to talk about the magnificence and resistance of martyrs we can't use these two words –sky and castle –.These words are too low to resemble the martyrs. Martyrs are the best creatures. They are the most honorable of all people. Peace be upon the martyrs who endanger their lives, and this was their gift to the Islamic Revolution .They brought prestige for the Islamic nation , especially 64 teacher martyrs in North Khorasan who were the pupils in love school. Teacher community in this province believes that whatever they have got -their life and their honor in the Islamic Revolution-depends on martyrs. They asked the saint spirit of martyrs to help them to remain in the Islam path. We, as the community of teachers who are effective in our society, believe that martyrs are the guardians of the Revolution. We hope to be steady in their way for ever. Thanks to them for preparing this corpus.

Mohammad Vahidi

Director general of education in

North Khorasan

The philosophy of prophetic mission and sending the heavenly books down is to accompany human beings in evolution and to guide human beings to the right path. In Islamic view, Allah is the only Right, Muslims love Allah for Himself. They pass Allah's way and do whatever He wants. For them, Martyrdom and flying in divine nature is sweeter than honey. They anticipate others to be in Allah's way. The combatants in our eight – year holy defense were men and women who tried more for the sake of Islam firmness and stability. The martyrs did well in trenches with their Night prayers and with saying «الله أكبر» (*Allah is the greatest*). Now, we can hear their voice. The combatants highly tried to stabilize the Islamic Revolution of Iran all over the world. They risked their lives to show their courage, and loyalty to Imam Khomeini (m.b.u.h) and the succeeding generations. History showed their honesty and purity. Darling martyrs grew love to Allah in their heart to be good heritage for the future. Among these combatants, there were teachers who left schools and chose the defense of Islam and Iran. In this way some of them became martyred. North Khorasan is a the land of heroes that presented 2622 martyrs (372 students and 63 teachers). It is a pride in our country. North Khorasan has had many honest and faithful teachers who loved Iran. They risked their lives in this way for the honor of our country to fulfill Islamic goals. Teachers are always awake and aware. This is our duty to thank combatants' effort and their families. we shouldn't forget the fact that whatever we have had belongs to their endeavor and generosity. Peace be upon them.

Mohammad Akbar zadeh
Vice Chancellor of middle education in

North Khorasan

Introduction

The imposed war is part of the history of our country. Our Martyrs were Imam Khomeini's soldiers and Imam Mahdi's soldiers. All of them lived purely. They chose Allah's way and liked to reach Allah. Writing about martyrs and about brave combatants is very difficult. Thanks Allah that we have the opportunity to do a part making the dear memories live on. It is our duty, as a teacher to write about the holy defense, about the martyrs, about brave combatants in order to make the new generation and succeeding generations familiar. So we started to translate the wills of **Teacher Martyrs** to carry out the duty we feel toward them. At first we collected the wills; but we had a lot of problems during collecting of the wills in Persian, because there is no exact reference. By the way we prepared some of them. We should thank *the martyrs' families* that prepared the wills, the *Education Office of North Khorasan, The Foundation of Preservation of Works and Dissemination of the Values of Holy defense and Martyr Foundation*. At the beginning we wanted to publish in one volume. But it was very difficult to prepare Persian information about teacher martyrs so we prepared half of them in one volume. God willing we will prepare the rest of the wills as soon as possible.
