Islamic Schools

An Introduction To Islamic Philosophy

Author : A. Ubodiyat

Translator: Dr. F. Asadi Amjad and Dr. M. Dasht Bozorgi

Editor : Sh. Saadat.

Pages : 360

Publisher : The Organization of Abroad Howza and Islamic Schools

Quantity : 2000

Data : 2007

ISBN : 978-964-5913-46-3

E – mail: madares@icde.net

Table of Contents

<i>Preface</i>	13
<i>Chapter One: What is Philosophy?</i>	
1. The Scope of Philosophy	15
2. The Subject of Science	17
2.1 The Role of the Subject of Science	17
3. The Subject of Philosophy	18
3.1 The Special Existent and its Laws	18
3.2 The Absolute Existent and its Laws	20
3.3 The Subject of Philosophy	21
4. The Definition of Philosophy	21
Questions	22
Notes	23
<i>Chapter Two: Research Methodology in Philosophy</i>	
1. A Priori and A Posteriori Propositions	25
1.1. The First Point	26
1.2 The Second Point	27
2. Rational and Empirical Forms of Knowledge	27
3. Philosophy is Rational Knowledge	28
3.1 Example: The Law of Causality is not Empirical	28
3.2 Demonstration	31
Questions	32
Notes	34

Chapter Three: The Relation Between Science and Philosophy

1. The Impact of Science on Philosophy	35
1.1. Philosophy after Science	36
A. The Scientific Theory raises a Philosophical Question	36
B. The Scientific Theory as a step to Philosophical Demonstration ..	37
C. The Scientific Theory determines the Extensions of the Philosophical Theory ..	37
1.2. Philosophy before Science	38
2. The Impact of Philosophy on Science	39
2.1 The Dependence of Science on Philosophy in Proving a Subject	39
2.2 Dependence of Science on Philosophy in Ensuring the Universality and Necessity of its Laws	40
2.3 Dependence of Science on Other Philosophical Presuppositions	45
3. The Priority of Philosophy over Science	47
Questions	49
Notes	51

Chapter Four : Is Learning Philosophy Necessary?

1. Necessity and its Criterion	55
2. The Uses of Philosophy and their Evaluation	58
2.1. Satisfying the Sense of Curiosity	58
2.2 Removing Double Ignorance	59
2.3 The Indispensable Foundation of Life	59
2.4 Defining the Border between Sense and Reason	61
2.5 A Holistic Outlook	63
2.6 A Profound Outlook	63
2.7 Providing the Presuppositions of the other Fields of Study	65
2.8 Providing the Fundamental Principles of Systems and Movements	66
2.9 Laying the Foundation of Worldviews	67
Questions	72
Notes	74

Section One : The Three Modes

Chapter Five : Necessity, Impossibility, and Possibility

1. Necessity	77
2. Necessity and Impossibility.....	78
3. Impossibility by Essence and Impossibility by Other.....	79
4. Necessity by Essence and Necessity by Other	81
5. Possibility by Essence	83
5.1 Compatibility of Possibility by Essence with Necessity or Impossibility by Other.....	84
<i>Questions</i>	86
<i>Notes</i>	87

Section Two : Cause and effect

Chapter Six : The Principle of Causality

1. Different Views on the Principle of Causality	91
2. The Difference Between the Views.....	92
3. The Criterion for Needing a Cause.....	93
4. Discussing the Different Views.....	94
4.1 The Possibility View	94
4.2 A Discussion of the Temporal Creation View	98
4.3 A Discussion of the Sensory View.....	99
<i>Questions</i>	102
<i>Notes</i>	104

Chapter Seven : Sufficient and Incomplete Cause

1. The Definition of a Cause	108
2. The Different Contributions of a cause: Efficient, Receptive, and Final..	109
3. Incomplete Causes: The Efficient, Receptive, and Final Cause...	113
<i>Questions</i>	115
<i>Notes</i>	116

Chapter Eight : Existence-giving of the Efficient Cause

1. The Analysis of Giving Existence.....	121
2. The Analysis of the Act of Creation.....	126
3. Division of the Existent into the Relational and the Independent	130
<i>Questions</i>	133
<i>Notes</i>	135

Chapter Nine : Divisions of Causes

1. Simple and Compound Causes.....	137
2. Direct and Indirect Causes.....	138
3. Vertical and Horizontal Causes.....	138
4. True and Unreal or Preparatory Causes.....	139
5. Vertical and Temporal Causal Chains.....	143
<i>Questions</i>	145
<i>Notes</i>	147

Chapter Ten : The Impossibility of Infinite Regress and Causal Circle

1. The Impossibility of Infinite Regress.....	149
1.1. What Is Regress?.....	149
1.2. Convention.....	151
1.3. Demonstration.....	152
2. The Impossibility of a Circle.....	155
2.1 What is a Circle?.....	155
2.2 Demonstration.....	156
Reminder.....	157
<i>Questions</i>	159
<i>Notes</i>	161

Chapter Eleven : Cause-Effect Necessity and Cause-Effect Homogeneity

1. Cause-Effect Necessity.....	164
1.1. Outline of the Assertion.....	165
1.2. Demonstration.....	168
2. Cause-Effect Homogeneity.....	169

2.1 Personal and Typical Homogeneity	170
2.2 Demonstration	171
Questions	173
Notes	175

Chapter Twelve : Cause-Effect Simultaneity (The Inseparability of the Sufficient Cause and the Effect)

1. The Outline of the Claim	177
2. Demonstration	180
2.1 Proving the First Section of the Claim	180
2.2 Proving the Second Part of the Claim	181
3. An Objection and the Answer to It	183
3.1 Objection	183
3.2 The Answer to the Objection	184
Analysis of the Example of the Kick and the Ball	186
Questions	189
Notes	191

Section Tree : Substance and Accident

Chapter Thirteen : Accident and Its Varieties

1. The Historical Background of the Discussion of Substance and Accident ..	195
2. What is Accident?	197
3. The Criterion for Distinguishing the Accident	202
4. Accidental Catagories	203
4.1 Quantity	203
4.2 Where	204
4.3 When	204
4.4 Position	204
4.5 Quality	205
Questions	206
Notes	208

Chapter Fourteen : Substance and Its Types

1. What is Substance?	213
2. Types of Substances.....	214
2.1 Primordial Matter.....	214
2.2 Form.....	218
2.3 Body.....	219
2.4 The Soul.....	220
2.5 The Intellect.....	222
Questions	223
Notes	225

Section Four : Motion

Chapter Fifteen : Motion, Generation and Corruption

1. The Theory of Pure Stability	230
2. The Theory of Pure Change	230
3. Aristotle's Theory of Change and Stability	231
3.1 Change in Accident and Change in Substance	232
3.2 Momentary and Temporal Change	233
3.3 The Terms 'Moment', 'Momentary', and 'Temporal'	234
4. What is Motion?.....	235
5. Generation and Corruption	238
6. The Theory of Stability and Change in Islamic Philosophy	239
Questions	240
Notes	241

Chapter Sixteen : Requirements of Motion

1. The Origin and the End of Motion.....	248
2. The Subject.....	249
3. The Agent	250

3.1 Natural and Divine Agents	251
4. Time	252
4.1 What is Time?	252
Extension	253
Flowing	255
4.2 The Role of Time in Motion	258
Questions	262
Notes	265

Chapter Seventeen : Distance and Substantial Motion

1. What is Distance?	279
1.1. Types of distance (Types of Motion)	280
2. The Role of Distance in Motion	283
2.1 The Mode of Existence of Distance	283
2.2 The relationship between Distance and Motion	286
3. Substantial Motion	288
3.1 Method of Demonstration	288
3.2 The Conception of Substantial Motion	289
3.3 The Conception of Substantial Motion along with Accidental Motion	293
4. Continuous Renewal of the Natural World	297
Questions	300
Notes	302

Section Five : Theology

Chapter Eighteen : The God of Religion and the God of Philosophy

1. The Explanation of the Claim	318
2. The Unique Attribute	318
3. 'The Uncreated Thing' is the Unique Attribute of Allah	319
4. The Uncreated God of Philosophy	321
1. The Non-effect Thing	321

2. The Necessary by Essence.....	321
5. The God of Philosophy Is the God of Religion	322
Questions	323
Notes	324

Chapter Nineteen : Classification of Arguments for the Existence of God

1. Classification of Arguments for the Existence of God.....	327
2. Types of Arguments for the Existence of God	328
2.1 The Argument for Knowing God without Demonstration	328
2.2 The Ontological Argument.....	329
2.3 The Inductive Argument.....	332
The Cosmological Argument of Possibility and Necessity'	333
2.4 The Argument of the Sincere	334
Questions	336
Notes	338

Chapter Twenty : Proving the Existence of God

1. An Explanation of the Argument of the Sincere	343
2. The Discussion of the Arguments	345
2.1 The First Argument.....	345
2.2. The Second Argument.....	350
2.3. The Third Argument.....	352
The Brief Form.....	352
Questions:	356
Notes	359
