Who is this book for?

Many students have no ideas or opinions about IELTS writing topics. Even if your grammar is perfect, you will not get a high IELTS score if you do not know what to write. This book is for students who want to go into the writing exam feeling confident that they have excellent ideas, opinions and vocabulary for as many topics as possible.

How do you get an IELTS score of 7 or higher?

The key to a high score is not grammar, it is not your use of words like "moreover" or "in addition", and it is not your use of phrases like "this is a controversial issue nowadays".

To get a high score you need to use good 'topic language' (words and phrases that are related to the question topic). You need good ideas in order to answer the question well.
