Mahan English Language Department was founded in 1390 to facilitate the process of teaching and learning foreign languages. Mahan Private Institute of Higher Education was previously active in MBA, masters and PHD degree programs and with having the highest number of branches across the country it was the nation's leading educational institute among others.

The rapid increasing growth of participants in international language tests such as IELTS, TOEFL, GMAT and etc..., and the upsurge in the number of people interested in learning a foreign language have motivated the language instructors and the institutions to generate innovative and effective pedagogical methodologies in that field.

Since the majority of people who take IELTS or TOEFL tests are the students who need them as a prerequisite for admission into colleges, time is crucial for them and they need to learn the language effectively in the shortest amount of time possible. Hence, the necessity of production of a complete and easy training package that is accessible to all learners across the country can be felt now more than ever.

In this regard, Mahan English Language Department have gathered a team of experienced English language teaching professionals to develop complete and modern self-study packages for the foreign language learners; hoping to at least partially compensate the lack of English language resources across the country.

The current collection includes 70 hours of educational videos, 8 books, pamphlets, tests and a special collection of e-books for IELTS exam preparation.

In this self-study collection we have attempted to fulfill the needs of the IELTS exam participants without the requirement of supplemental learning resources and additional classes as much as possible.

At the end, we would like to thank all those involved in developing and producing these collections, including the authors, consultants, educational supervisors, instructive technicians, the editing team, the typing team and finally the executive team.

And special thanks to Mahan Private Institute of Higher Education CEO, Dr. Sayyari for his great support and genuine tolerance to deliver fantastic results in this project.
