CRWS 2

Communicative Reading Writing Skill book 2 Presents different topics and exciting readings from authentic sources and presents reading- writing skills and building vocabulary. It helps students to increase their knowledge in English and express themselves in English. Vocabulary skill exercises increase the Students' ability to cope with the new words. Each unit contains very useful contexts and Short stories at the end of each unit that improves the students' knowledge in reading comprehension skills; also each unit contains one part to practice writing. In this way the students develop their skills for communication. at the end of the book in appendix, there are new ways of teaching phonetics, that the students can improve themselves in phonetic sounds which is important in listening and speaking skills. For further reading the students can refer to this part.
