Introduction

Innovative IELTS Reading and Writing General is a book aiming at helping students to overcome the Reading part of IELTS Test and get more familiar with the format of the exam as well as how to answer the questions.

This book gives students lots of skills and sample reading texts which will help them to learn how to master the reading skills. The sample reading tests provided in this book pave the way for students to go through self-studying as well as self-assessment.

The strong points which you will face in this book are as follows:

1. Wide range of reading general samples
2. Plenty of sample answers for worrying writing questions
3. Guidance on how to answer various reading questions
4. Self-assessment capability
5. Authenticity of the materials
6. Incorporation of ex-exam questions

With all particularities of this book, there is no claim that the book needs no improvement. Nor is it claimed that it has exhausted all topics. It is, however, hoped that the book will fulfill a considerable number of students' needs. It is also hoped that reader's constructive comments will improve the book in the future editions.

About the Reading Test

THE IELTS General Training Reading Test takes 60 minutes. It is divided into three sections.

Section 1 has short texts which come from advertisements, timetables, instruction manuals and the like.

Section 2 has longer texts, usually two texts of about 500 words each, which give information and advice about education and writing.

Section 3 has one longer text, about 700 words, with more complex language and structure.

The text will be about a general topic and will come from sources like general interest magazines.

There are 40 questions to answer. The questions may come *before or after* the reading texts. There is a variety of questions. Often there are examples of how to answer the questions.

You may mark or write on the question paper, but all answers must be written on the answer sheet.

Note that you will not have any extra time to transfer your answers to the answer sheet, so it is highly recommended to write your answers immediately on the answer sheet while answering the questions.
