CHAPTER SIX ((Mixed Methods Research))

The "Third" Wave	42
Classifying Mixed Methods	42
Purposes for Conducting Mixed Methods Research	43
Mixed Methods Designs	43
Progress Check	46
Answers	47

CHAPTER SEVEN ((Sampling))

Rationale of Sampling	48
Steps in Sampling	49
Probability Sampling	49
Random Assignment	52
The Size of the Sample (Fundamental)	52
Progress Check	54
Answers	55

CHAPTER EIGHT ((The Strategies of Inferential Statistics))

The Null Hypothesis	56
Level of Significance	57
Directional and Non directional Tests	58
Determining The Appropriate Sample Size	58
Power	58
The t Distributions	59
Degrees of Freedom	59
The t Test for Dependent Samples	59
Analysis of Variance	60
Effect Size	61
