To the student

Welcome to **Interchange Third Edition**! This revised edition of **New Interchange** gives you many more opportunities to learn and practice English. We are confident this book will help you improve your English! The course combines topics, functions, and grammar. You will learn the four skills of listening, speaking, reading, and writing, in addition to vocabulary and pronunciation.

Each book has 16 units divided into sections, and each section has its own purpose. The **Snapshot** usually introduces the unit's topic with real-world information. The **Word Power** presents new vocabulary. **Perspectives** is a new section that uses people's opinions and experiences about a topic to present new grammar. The **Conversation** is a natural, fun dialog that introduces new grammar. You then see and practice this language in the **Grammar Focus**. The **Pronunciation** exercises help you sound like a native speaker.

In the **Listening** section you hear people speaking in many different contexts. You talk in pairs, in groups, or as a class with the many **Speaking** activities. In the **Interchange activities** you talk even more freely about yourself. These fun activities let you share your own ideas and opinions. In the **Writing** section you write about yourself and your classmates. Finally, at the end of each unit, you read about and further discuss the unit's topic in the **Reading** section.

Frequent **Progress checks** let you check your own development. In these self-assessment exercises you decide what material you need to review.

The **Self-study Audio CD** contains the conversations from the unit for extra listening practice. Your CD also has a section with new, original audio material. You can use this in class, in a lab, or at home with the Self-study exercises at the back of this book.

We think you'll enjoy using this book and hope you become better, more confident learners of English. Good luck!
