Introduction

This is story comprehension and grammar book for students of English and specially for students in high school. The activities comprehension in this book will help student master the basic skills necessary to become competent learners.

Remember as you read through the activities listed below, as you go through this book , that all students learn at their own rate.

Although repetition is important it is critical that we never lose sight of the fact that it is equally important to build students self esteem and self confidence.

During or after story discussion there are two different types of question that you can ask to ensure and enhance reading comprehension. The first type of question is a factual question that includes question words such as : who , what , when , where , and why and also How old ? where ? The other type is an open- ended question they wont have clear answer . They are based on opinions about the story , not on facts.

The other part of this book is about different point of English grammar in high schools book. There are 32 units each of one focusing on a particular area of grammar. The material is organized in grammatical categories. Such as Tenses, Questions and Articles .
