IN THE NAME OF GOD

The book in your hand is a textbook written for Animal Science Biology Majors who are expected to increase their skills in reading and comprehending technical English texts. The volume has ten units which include vocabulary, reading texts and drills. An answer key is also given for the students to find the answers to the questions of every unit.

The purpose is not to supplant but to support the more academically oriented English for Specific Purpose (ESP) course for the students in biology, and is designed to be used with an instructor on a university course in the subject. A prominent characteristic of this book is its insistence on combining the study of English with the study of biology, and it intends to provide texts on some interesting topics.

The authors hope you will find the book satisfactory and that you will use it and continue to use it. Any feedback is welcome to be sent to zahra.ghane1363@gmail.com or zari_gh2004@yahoo.com.

Contents

LESSON ONE	7
THE DISCOVERY AND STUDY OF CELLS	8
LESSON TWO	21
MOVEMENT	22
LESSON THREE	31
BIOLOGY	32
LESSON FOUR	41
AN INTRODUCTION TO EVOLUTION	42
LESSON FIVE	53
MUTATIONS	54
LESSON SIX	63
AN INTRODUCTION TO CLASSIFICATION	64
LESSON SEVEN	73
HISTORY OF ZOOLOGY	74
LESSON EIGHT	83
PROGRAMMED LEARNING	84
LESSON NINE	95
TYPES OF ANIMALS	96
LESSON TEN	107
REPRODUCTION	108
ANSWER KEY	119
GLOSSARY	127
REFERENCES	145
FURTHER READINGS	146
