Introduction

In the name of God, the Compassionate, the Merciful

The book which is in front of you consists of a collection of multiple choice tests adopted from the Great Ayatollah Khomeini's Essay of Answers to Opinion Pollings. This essay not only assists the compiler in emulating Islamic orders, but also will be effective to consolidate Islamic orders in the minds of emulators of Islamic orders specially our dear young fellow countrymen. Also, the essay can be used as help – instructive and self – study tests to assess Islamic orders for respected instructors as well as dear students at theological schools.

May the way and the aim of Imam Khomeini and the dear martyrs who were martyred in his way be lasting and permanent. Saeed Ghazipour 8/10/2014
