...The Passion of our Parents

...The Encouragement of our Colleagues

...All who taught us Thinking

Acknowledgment

No one walks alone on the journey of life, just where do you start to thank those that joined you, walked beside you, and helped you along the way continuously urged me to write a book, to put my thoughts down on paper. Over the years, those that I have met and worked with have helped me, and to share my insights together with the secrets to my continual, positive approach to life and all that life throws at us. I am deeply indebted to many people who shared with me their knowledge, expertise, time and provided advice, encouragement and friendship.

My deepest thanks and gratitude go to Dr. S. A. Razmjoo. These past several years of working under his guidance were a truly invaluable and rewarding experience. The discussions that we had were always very beneficial and provided me with new insights and ideas. Moreover, I should thank him for the advice and support, for the interest and concern that he took in my career. Also, I would thank him for the countless hours he spent revising, fostering, explaining, and re-explaining.

I would like to express my very special thanks and appreciation to the Head Managers and sub-Managers of Kish Science & Technology Institute, especially Bandar Abbas Branch who were extremely generous, kind and cooperative with me during my long presence there teaching and evaluating the book in hand tolerating me indeed. I would also like to thank Head of Dana EFL Institute, Mrs. Darsare and the affiliates for their giving me much space to expose, teach, assess, evaluate, and give feedback for the very work.

I would like to express sincere appreciation to my professors and instructors at the Azad University of Bandar Abbas for their guidance, encouragement and continuous support through the course of my studies; of special note are Dr. Razavi, Dr. Dehghan Zadeh, Dr. Afraz, Mr. Hormozi, Miss Eshaghzadeh, and Mrs. Asadi. I owe many thanks to Mr. Khatib, the head of foreign language department in Azad University of Bandar Abbas, for his sincere cooperation.

I am lucky to have many friends. It would be impossible to mention all of them here, but without their moral support and standing by my side, accomplishing this work could be difficult if not impossible. It was their advice and encouragement that helped me to make many important decisions in my life.

Foremost, I would like to thank my parents, brothers, sister and relatives who recognized my interest in TEFL early in life and did everything possible to encourage me. They have set me on a long and exiting journey on which I have just reached yet another milestone. I also would like to thank my nephew Mohammad Mirzaei for the time and energy he spent designing the cover pages of the books' collection. And finally I would like to extend a huge, warm thanks to my dedicated Wife, Rozi. She has been so supportive throughout this process. Her listening ear and words of faith in my ability really has helped motivate me. She has been my inspiration and motivation for continuing to improve my knowledge and move my career forward.
