TO CHEROCHE

Look to this day,
For yesterday is but a dream,
And tomorrow is only a vision,
But today, well lived,
Makes every yesterday
A dream of happiness,
And every tomorrow a vision of hope,
Look well, therefore, to this day.

Preface

In an attempt to prepare a package of General English reading texts for the university students at different fields of science, this book consists of 15 units, each working on reading comprehension and writing exercises.

All the texts in this book emphasize guided reading practice and the development of reading speed. The readings come from authentic non-fiction, e- journals, and magazines, and they cover a wide range of subjects in order to expose the reader to the content demands of different types of reading material. They are of graded difficulty and the exercises are built upon structures and vocabulary introduced in preceding units. Therefore, we recommend that the units be presented in the given order if possible.
